TOURERS 2005

THE WORLD IS FOR EXPERIENCING, AND THERE'S NO MORE INVIGORATING WAY TO BECOME A PART OF IT THAN ABOARD A MOTORCYCLE LOOKING FOR NEW HORIZONS. WHETHER FOR AFTERNOONS IN THE COUNTRY OR LEISURELY WEEKS CROSSING A CONTINENT, HONDA'S SUPERB LINE-UP OF TOURING BIKES BRING YOU CLOSER TO THE WORLD AROUND YOU.

From the legendary Gold Wing, now 30 years on the road, to high-speed sports tourers like the Super Blackbird and bikes equipped to take you further off the beaten path, Honda's touring machines provide an exceptional level of performance, reliability, style and convenience to carry you to the edge of the map and bring you back again with incomparable ease and comfort. Got travel on your mind? Do it with Honda.

GOLD WING

30th Anniversary emblems - there is no mistaking the Gold Wing's long and proud history of touring excellence.

Sophisticated ventilation ports - built into the windscreen to enhance wind protection by reducing buffeting around rider and passenger.

30 Years of Distinction

GOLD WING

AS THE REFERENCE STANDARD OF LUXURY TOURING MOTORCYCLES FOR THIRTY YEARS, THE GOLD WING EXISTS IN A WORLD ALL OF ITS OWN AS THE MOST SINGULARLY IMPRESSIVE AND TECHNOLOGICALLY ADVANCED TOURING BIKE ON THE ROAD TODAY.

The Gold Wing gives you the most luxurious riding experience you can possibly imagine. No other motorcycle offers such remarkable levels of comfort, reliability and excellence. Its turbine-smooth 6-cylinder engine operates in perfect harmony with its twin-spar aluminium frame and adjustable suspension systems, delivering the smoothest power and acceleration on two wheels. For the ultimate in performance, travelling convenience and luxurious comfort, the Gold Wing is a long-distance touring machine without equal. And with sports performance attributes the Gold Wing has more than enough power, whether cruising the highways or carving through the mountain pass.

To commemorate the Gold Wing's thirty-year anniversary, the 2005 model features special anniversary colour-matched badging, an impressive digital start-up ceremony, 30th anniversary key, chrome-plated emblems and distinctive carbon-fibre seat designs on some colours. The celebrational Gold Wing claims its position of leadership with pride for many more years to come.

HISS

PGM-FI

HECS3

DCABS

Euro-2

Engine - Powerful, fuel-injected, 1800 cm³ flat-6 engine is turbine smooth and delivers an awesome spread of impressive power. **Brakes** - Dual Combined Antilock Brake System provides a reassuring balance of braking performance with any combination of hand and foot brake operation. **Comfort** - Passenger accommodations are superb, and include a contoured seat with backrest, wide fold-down foot boards and high-output stereo speakers.

Euro-2 - Meets with Euro-2 emission regulations.

CBR1100XX SUPER BLACKBIRD

The World at Your Command

CBR1100XX SUPER BLACKBIRD

DELIVERING BOTH BREATHTAKING POWER AND THE REMARKABLE RIDING EASE OF AN ELITE SPORTS TOURER, THE SUPER BLACKBIRD TURNS HIGH-SPEED SPORTS TOURING INTO A COMMANDING PERFORMANCE. ALONE OR WITH A FRIEND, THIS SLEEK MACHINE CAPTIVATES YOUR SOUL.

Perhaps somewhere, someone might consider the Super Blackbird's power 'overwhelming' or its responsive handling 'too quick'. However, true sports-touring aficionados will immediately recognise this low-flying jet for what it is; the ultimate combination of Super Sports performance and high-speed touring comfort. The Super Blackbird places the open road at your command. And now with a choice of new attractive two-tone colour options the Super Blackbird is more distinctive than ever.

The remarkable Super Blackbird's 1,137cm³ fuel-injected, dual shaft-balanced inline-4 engine delivers a heart-stopping rush of performance, while its sleek, aerodynamic bodywork, lightweight and rigid twin-spar aluminium frame and compliant suspension systems combine to give you a high-speed sports touring ride without peer. Dual Combined triple-disc brakes bring you down to earth with smooth and fast control. An unbeatable combination for tending to acute cases of riding exhilaration, the sports touring Super Blackbird commands attention and respect wherever it roams.

Euro-2

Profile - With indicators integrated into its rear-view mirrors, the Blackbird's tapered nose features a brilliant 'piggy-back' multi-reflector headlight for a narrow front profile and excellent night-time illumination. **Engine** - High-revving 1,137 cm³ fuel-injected inline-4 engine produces breathtaking acceleration. **Frame** - Lightweight and rigid twin-spar aluminium frame ensures precise, responsive handling, whether cruising the motorways or straightening the twisties. **Brakes** - Smoothly responsive Dual Combined Brakes with linked 3-piston callipers reduce ground speeds in a calm, well-controlled instant.

Euro-2 - Meets with Euro-2 emission regulations.

Master of the Highways

ST1300 PAN-EUROPEAN ABS

CROSSING CONTINENTS AND COMPRESSING DISTANCES IN STYLE AND COMFORT, THE MIGHTY PAN-EUROPEAN CARRIES YOU ON THE TRIPS OF A LIFETIME, A TRUE MASTER OF EVERY ROAD IT TRAVELS.

Visions of distant lands dancing in your head? Wide vistas to cross and rugged mountains to climb? The remarkable Pan-European makes it all possible with its unique blend of touring bike comfort and sports bike performance. Designed to carry two in supreme comfort for days on end, the Pan-European's powerful 1,261 cm³ V-4 engine combines with a light-handling chassis and compliant suspension to devour long distances and still leave you ready for more.

Super Sports performance also extends to the Pan-European's responsive Dual Combined Antilock Brake System, which slows you down, in a reassuring instant, on command. With modern, aerodynamic styling in a class all its own, and carrying capacity to rival the biggest tourers, the Pan-European makes every ride such a pleasure that it's no wonder the masterful Pan-European is Europe's best-loved sports touring machine.

Euro-2

Engine - Powerful 1,261 cm³ fuel-injected V-4 engine delivers sharp response and breathtaking roll-on acceleration along with low fuel consumption. **Brakes** - Responsive Dual Combined Antilock Brake System provides smooth and confident braking control over a wide range of road surfaces. **Instruments** - Integrated instrument panel provides an easy view of operating conditions, including ambient temperature, fuel consumption and other readings.

Euro-2 - Meets with Euro-2 emission regulations.

Sports Touring at its Best

VFR800 ABS

THE VFR'S UNIQUE BLEND OF RACE-BRED PERFORMANCE AND FUTURISTIC STYLE PROVIDE A LEVEL OF SPORTS RIDING, TOURING AND COMMUTING EXCELLENCE THAT NO OTHER MACHINE CAN MATCH. ONE REASON WHY THE VFR IS ONE OF THE MOST POPULAR SPORTS TOURING MACHINES IN EUROPE TODAY.

The VFR has won a lasting reputation for high all-round performance and a level of sophistication that others can only wish for. Crossing cities and continents with equal comfort and ease, the VFR also traces twisty roads with exhilarating speed and confident control - its unique 782 cm³ V-4 VTEC engine letting loose an exciting roar of power unlike any other sports tourer on the planet.

Just as impressive is this sterling machine's impeccable design quality and rider-friendly ergonomics - all built with an attention to detail that is a VFR hallmark. Its advanced Dual Combined Brake System with ABS, assures the strong, responsive braking performance that European riders demand.

Together with its ample passenger room and well-considered range of optional extras, these features make the VFR ABS as satisfying to ride as it is to own.

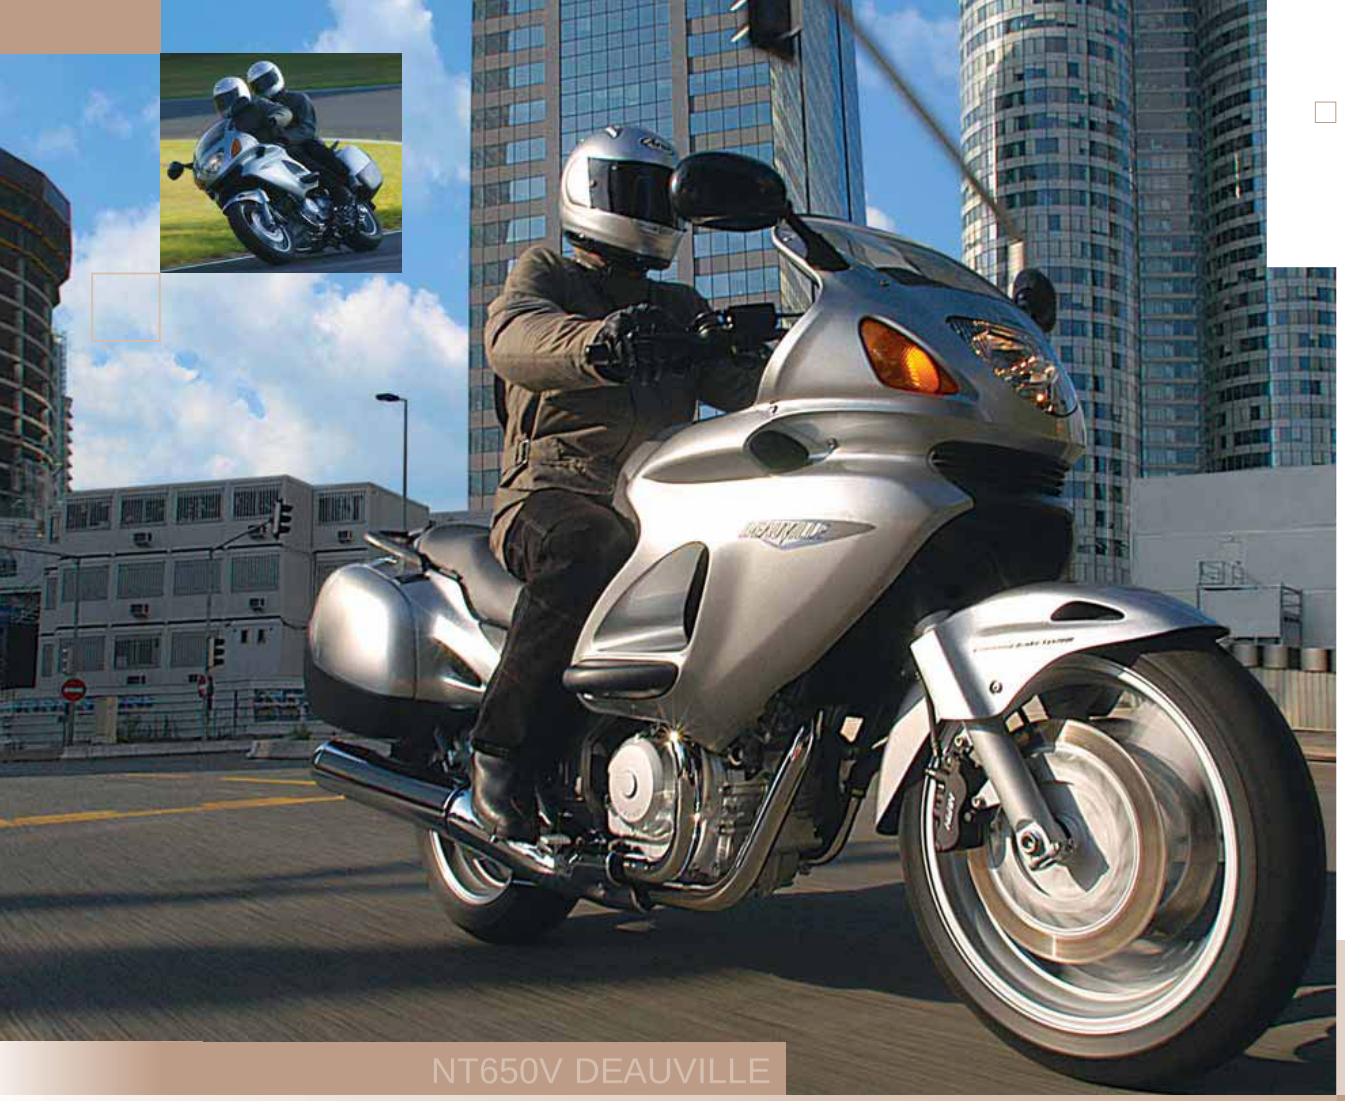
Euro-2

Engine - The VFR's legendary 782 cm³ DOHC fuel-injected V-4 engine is a technological marvel. Its unique 2-stage V-4 VTEC valve actuation system provides a seamless spread of satisfying power. **Fuel Injection** - High-tech PGM-FI fuel injection system also combines with Honda's HECS3 oxygen-sensing catalyser system to ensure high performance with excellent fuel economy. **Instruments** - Automotive-style instrument panel gives at-a-glance information on the bike's operating parameters, and includes a large LCD readout of speed, distance, fuel and time.

Euro-2 - Meets with Euro-2 emission regulations.



NT650V DEAUVILLE

The Touring Commuter

NT650V DEAUVILLE

SLEEK AND COMPACT YET POWERFUL AND COMFORTABLE, THE EVER-POPULAR DEAUVILLE IS MADE TO WHISK YOU BACK AND FORTH TO THE OFFICE ALL WEEK, THEN TRANSPORT YOU AND A COMPANION AWAY FROM IT ALL FOR THE WEEKEND.

Offering sleek styling and assured control, the Deauville is an urban commuter that has something for everyone. Riding ease is firmly rooted in the Deauville's slim proportions and light, snappy handling, letting you slip through dense commuter traffic with confident speed and agility. And when country roads call on the weekends, the Deauville lets you respond with elegantly integrated, aerodynamic bodywork that cuts cleanly through wind, and ample integrated panniers that let you take along all you need to complete your getaway.

The Deauville's 647 cm³ liquid-cooled V-twin engine delivers plenty of low-end grunt to zip through the city or overtake on the highway, as well as enough top-end power to cruise all day in comfort. Combined disc brakes and shaft final drive ensure excellent control and smooth, reliable operation. The Deauville also comes with a wide range of optional extras to further extend your touring pleasure. This one does it all!

HISS

CBS

Euro-2

Engine - Slim yet powerful liquid-cooled 647 cm³ V-twin engine provides satisfying thrusts of acceleration and all-day cruising speed. **Profile** - Beautiful, flush-mount headlight and indicators provide a brilliant view of the night-time road ahead. **Tail-light** - Sleekly tapered tail terminates in an attractive integrated tail-light and indicators assembly for an attention-getting display.

Euro-2 - Meets with Euro-2 emission regulations.

Dealer Locator
To find your nearest Honda dealer, go to: www.honda.co.uk/motorcycles and select "dealer search".

Key:

HISS
Honda Ignition Security System: Only allows the bike to be started by its original encoded keys to effectively protect against theft.

PGM-FI
Programmed Fuel Injection: Map-type computerised system maintains strong power and responsive performance in all conditions.

HECS3
Honda Evolutional Catalysing System: Oxygen-sensing system maintains an optimal air/fuel mixture for the most effective catalytic reduction of exhaust emissions.

HMAS
Honda Multi-Action System: Cartridge-type front fork and rear damper design ensures a confident balance of compliant damping and precise handling.

CBS
Combined Brake System: Actuates both front and rear brakes when the rear brake pedal (or lever) is engaged, for a smooth and confident balance of braking control.

CABS
Combined Antilock Brake System: Optimises the balance of front and rear braking control while counteracting tyre slip when braking over variable road conditions.

DCBS
Dual Combined Brake System: Provides an optimised balance of front and rear braking control under any combination of inputs.

DCABS
Dual Combined Antilock Brake System: Optimises the balance of front and rear braking control while counteracting tyre slip when braking over variable road conditions.

Ride Safely - Read the owner's manual thoroughly. Always wear a helmet and protective clothing. Get to know your machine and its capabilities. Observe other road users' movements. Obey the laws of the road and respect the environment.
Please note - Photographic images of certain models in this catalogue may be shown with optional Honda Genuine Accessories. Please check with your dealer for details.

Honda machines sold in your area are those most suited to local conditions. Specifications, appearance and availability may differ depending on markets, and are subject to change without notice. For details, please consult your nearest Honda dealer.

Castrol

These specification details do not apply to any particular product which is supplied or offered for sale. Manufacturers reserve the right to vary their specifications, including colours, with or without notice and at such times in such manner as they think fit. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult the dealer with whom your order is placed for details of the specifications of any particular product. This publication shall not constitute in any circumstances whatsoever an offer by the Company to any person. All sales are made by the Distributor or Dealer concerned subject to and with the benefit of the standard Conditions of Sale and Warranty given by the Distributor or Dealer, copies of which may be obtained from him on request. This publicity material applies to the UK only Trade Descriptions Act (1968). Whilst efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specification details with the supplying Dealer especially if your selection is dependent upon one of the features advertised.
