The Power of Dreams

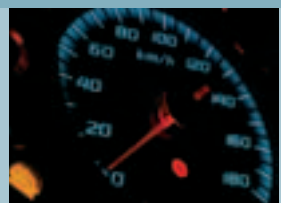

07  
**SH300i**

## The SH legend continues...

It all started with the SH50, the people's favourite since its first appearance in 1984. Twelve years later the SH100 broadened the appeal, and today the remarkable SH125i and SH150i bring scooters to totally new levels of refinement. No surprise that the SH150i became the best selling scooter in Europe. Now the new SH300i introduces more power, style and gusto to big-wheel scootering. So much more than a scooter, this is the best commuting partner you can imagine, combining comfort and performance with all the power you could dream of.

# 2007

## The city and beyond

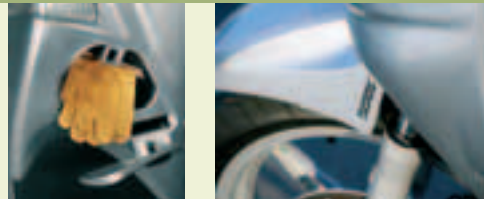

When performance matters, the SH300i responds. Don't be surprised by its quick and exciting acceleration. Beneath the SH300i's sophisticated contemporary design hides a quiet, responsive and newly developed liquid-cooled engine, ensuring it's the fastest mid-displacement scooter on the road. With its short wheelbase for quick turns and sharp manoeuvrability, it will be just as easy to flick through the city or head down the highway in style.

## A truly elegant persona

You'll find there's so much to discover. The SH300i boasts a new and unique revolutionary suspension setup that achieves smoother handling, lower vibration and more stable high-speed control than any scooter in its class.

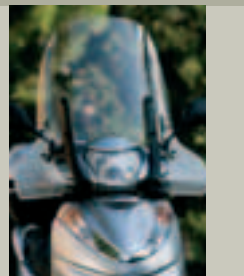

Featuring Honda's Combined Brake System with optional ABS, the SH300i offers the smoothest, safest, most comfortable ride ever. And, with an extensive range of Genuine Honda Accessories such as the exclusively designed top box, hand guards and the popular windscreen, the SH300i becomes the perfect commuting companion.

## Sophisticated design

Just one glimpse is enough to make you want to see more of the SH300i. Everything about the new SH says quality. It's a charismatic scooter displaying elegance and style that demands to be admired. With slim and compact lines, it boasts superbly comfortable seating and a wide, flat floorboard convenient for everyday transport. With high-stability 16" wheels for comfort and safety, every journey will be easy and secure. Experience the SH300i for yourself. It has to be ridden to be believed.

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your dealer for details regarding the specifications of any featured product. This publication shall not constitute - under any circumstances whatsoever - an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. This publicity material conforms to the UK-only Trade Descriptions Act (1968). While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised.
