The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your dealer for details regarding the specifications of any featured product. This publication shall not constitute - under any circumstances whatsoever - an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. This publicity material conforms to the UK-only Trade Descriptions Act (1968). While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised.

Please don't bin me.    This pulp in the manufacture of this paper is from renewable timber produced on a fully sustainable basis. The paper used in this brochure is manufactured using ECF (Elemental Chlorine Free) pulp. 

# **BUILT** TO LAST

The CBF125 benefits from the same technical expertise, the same long experience and the same pride in craftsmanship as the company's larger displacement machines. Reliable, comfortable and practical, it offers rugged, dependable build quality and a host of styling and convenience features that will make ownership a long-lasting source of pleasure and pride.

# **CHEAP** TO KEEP

The fuel-injected CBF125 proudly leads its class in fuel efficiency delivering over 370 miles from one tank. That equates to 275 miles for only £10 of petrol\*. And because it's virtually maintenance free, running costs are minimal, just what you need when times are tough.

\*Honda figures obtained in test conditions. Calculated at £0.99/litre.

At 792 mm, the seat is low enough for easy reach to the ground even for younger or shorter riders. In combination with the bike's light weight and narrow frame, it creates a relaxed and confident ride feel for passengers of all proportions.

Its relatively short wheelbase makes handling in confined spaces easy while still retaining a confident feeling of stability at all speeds.

The fuel injected engine's impressive performance is delivered with minimal environmental impact with exhaust emissions well below the standards set by EURO-3 regulations.

# FUN TO RUN

Trusty commuter, first motorcycle, or daily companion, the stunning CBF125 offers enough fun and freedom to keep you entertained for years on end. It bursts onto the small-displacement scene, bringing strong, sporty performance and effortless handling while big bump-absorbing wheels and a large, responsive front disk brake provide assured control. Whatever the riding conditions, the new versatile CBF125 will keep you grinning day after day, mile after mile.
